

H1N1 FLU VACCINATION CLINIC!!!

Free H1N1 Influenza (Swine Flu) Vaccination

**CHIEF LESCHI
NOVEMBER 13, 2009
DURING SCHOOL HOURS**

Why does my child need flu vaccine?

- Influenza can be serious
- 2009 H1N1 flu is highly contagious, especially in schools and daycare centers
- Kids will have less days absent from school
- Parents will have less days off work because of a sick child
- Reduced chance of spreading the flu to others
- Children have been designated as a priority group to receive this vaccine

Tell me more.....

- Most vaccine will be available in the nasal spray form
- The vaccination be given at our clinic during school hours, parents do not need to be present if they have completed and signed the screening and consent form
- To get the vaccine for your student, read the information and fill out the attached screening form and **return by Thursday, November 5th, 2009**

**This service is provided by your school nurse, in partnership with
the Puyallup Tribal Health Authority-PTHA**
